

Proserv Chemical injection unit (2010 style)

Proserv Chemical injection unit.

Application:

-Injection of liquids and chemicals (chemical injection)

Benefits:

- Operation panel with indicated P&ID (process chart) for easy use and operation.
- Pneumatic drive.
- 316ss components with high durability.
- Various options.

RENTAL

Specification	
Dimension	W=430 L=650 H=1191
Weight	App. 44 kg
Pump	Various Morgan pumps
Pressure ranges	From 0bar to 558bar
Flow	From 0,95 to 9,5 Litres per hour
Outlet connection	Customer request
Air drive pressure	Min 3 bar max 10 bar
Air supply	Customer request
Fluid inlet	Customer request

Specification				
Type of Morgan pump	Maximum outlet pressure @ 7bar	Pr.cycle adjustable	Output per hour	Pump Ratio
375DS	217bar	3,2cc	0,95-9,5Ltr	31:1
475DS	378bar	3,2cc	0,95-9,5Ltr	54:1
